Reasons Why

You Should Order
MATCHLESS
Roses, Trees, Plants and
Fruit Trees

Direct from
MALONEY'S

Maloney's Pledge of Service

- No. 1. A vast experience reaching back over 58 years—four generations in the nursery business.
- No. 2. A management whose character and integrity is unquestioned.
- No. 3. A financial structure that has weathered many an economic depression.
- No. 4. A reputation for fair dealing and sound business practices.
- No. 5. A progressive spirit, working in co-operation with the state and federal experimental stations for new and better horticultural introductions.

It's Easy to Order from **MALONEY'S**

TERMS: Cash with order is required or stock will be shipped C. O. D. All stock F. O. B. Dansville.

C. O. D.: Send 25% of total price with C. O. D. orders. Pay balance on arrival to your express agent or (if freight) to your banker, who will have Bill of Lading. No discount on C. O. D. orders.

HOW TO REMIT: By personal check, express money order, post office money order, bank draft or cash in a registered letter. Please do not send stamps.

SHIPPING SEASON: We ship at the time best suited to your locality. If you desire shipment to arrive at a special date, please so state on order blank.

ORDER EARLY: Ordering early enables us to assemble your order while supply is unbroken and set it aside for shipment at the proper time.

Established 1884 — 400 Acres

No. 1 Because every order received by mail is a direct responsibility of the Maloney Nurseries, every precaution is taken to select only first quality trees and plants that are disease free and true to name.

No. 2 Because we have hundreds of acres of "northern grown trees and plants" that have proved hardier to our customers throughout the United States. We have shipped more nursery stock direct to customers than most other firms in the country. Our northern grown stock is tough, healthy, and dependable. It is the kind that "takes hold" quickly in a new location.

No. 3 Because we believe the success of our superior strains has done more than anything else to create and hold the confidence of our customers throughout our fifty-eight years in the nursery business. Our plants and trees grow perfectly in all parts of this country and the bulk of sales are made to homes and farm gardeners who specialize in home beautification or fruit growing.

No. 4 Because we guarantee to deliver stock in good condition, up to grade and specification, with a provision for replacement or money refunded if you receive nursery stock not as represented.

No. 5 Because this helpful and comprehensive book offers only the best selections in plant life at moderate prices and furnishes thousands of our friends and customers with valuable information.

SIZE OF ORDERS: Send an additional 10c on all orders less than \$1.00 to cover packing.

WE GUARANTEE to deliver stock in good condition, up to grade and specifications. If your order arrives in damaged condition, report immediately to carrier and to us. We will correct errors promptly or refund your money.

NON-WARRANTY: No caution is more exacting than ours. We will, with proper proof, replace free all trees, etc., that may prove untrue to label or refund the price paid, but we can give no further warranty.

INSPECTION: Our nurseries are inspected yearly by an authorized state inspector and a copy of our certificate received from the Department of Agriculture and Markets, Albany, N. Y., accompanies each shipment.

10% DISCOUNT for Cash Orders **Save by Ordering Early from Maloney's**

Write your order. If it totals \$3.50 or more you may deduct a cash discount of 10% on orders mailed on or before April 1st. 5% discount will be allowed after this date to May 1st, no discount after this date. This discount applies only to cash orders at catalog prices.

FREE *Gifts*

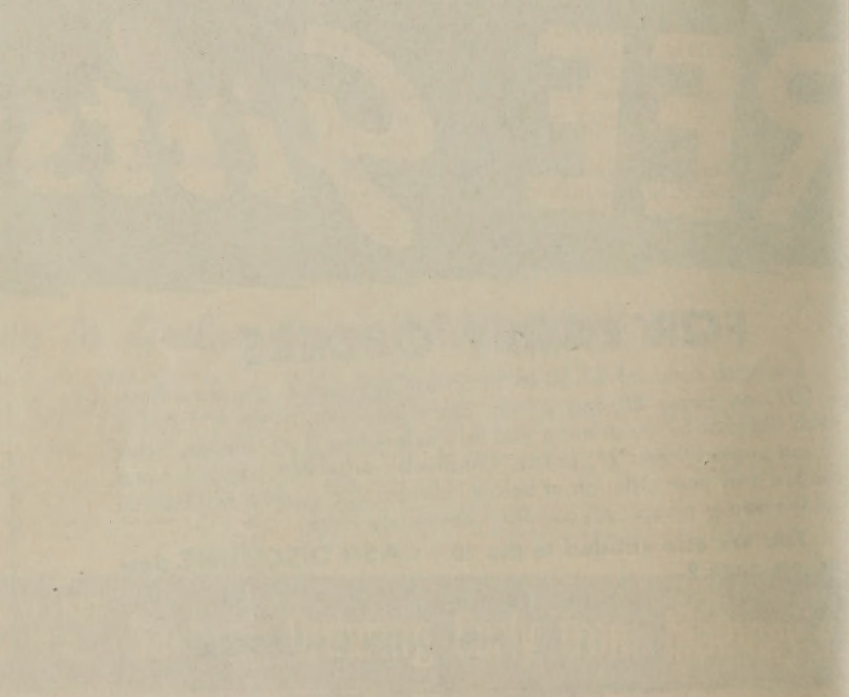

FOR EARLY ORDERS

For each order of \$3.50 to \$7.50 you may select one Rose Bush, value 59¢, on pages 20 and 21, or one 45¢ Shrub, pages 4, 5 and 6. For each order of \$7.50 or more you may select two Rose Bushes, value \$1.18, on pages 20 and 21, or two 45¢ Shrubs, value 90¢, pages 4, 5 and 6. Simply mail your order on or before February 23d. and we will include one of the above groups in your order absolutely FREE.

You are also entitled to the 10% CASH DISCOUNT described on page 2.

Plant Fruits
THIS SPRING

There has never been a more opportune time to plant fruit trees than this spring. The quality is excellent and prices will be higher for 1943. A few young trees planted now offer an economic protection a few years hence. Every garden should have fruit-bearing trees for both profit and pleasure.

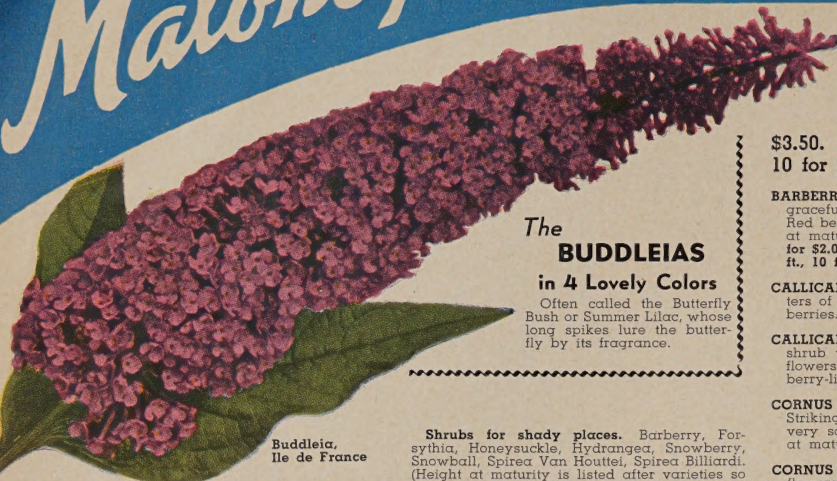

Fill Your Jars With Home Grown Fruit

Know the satisfaction of having a full fruit pantry—with plenty of sauce, jelly and preserves all winter long. It costs so little when you have your own fruit trees.

Maloney's Garden Beautiful ALL

The BUDDLEIAS in 4 Lovely Colors

Often called the Butterfly Bush or Summer Lilac, whose long spikes lure the butterfly by its fragrance.

Buddleia,
Ile de France

Shrubs for shady places. Barberry, Forsythia, Honeysuckle, Hydrangea, Snowberry, Snowball, Spirea Van Houttei, Spirea Billiardii. (Height at maturity is listed after varieties so you can make careful selection of your needs.)

ALMOND. Rose-colored blossoms resembling small Roses. 4 ft. at maturity. May. Price: 2 to 3 ft., 65c each; 2 for \$1.10; 5 for \$2.50.

ALTHEA (Rose of Sharon). Double, large, brightly colored flowers, blooming in late August and September. Red, pink, purple and white. 8 to 10 ft. at maturity.

BUDDLEIA, CHARMING. Lovely lavender-pink blooms in long sprays which, when compared with other Buddleias, are a distinct pink. 5 to 6 ft. at maturity. Aug.-Sept. Price: 2-yr. No. 1, 60c each; 2 for \$1.00; 5 for \$2.25.

BUDDLEIA, DUBONNET. New. The color is an intriguing shade of rich grape-purple. The firm, cylindrical spikes are snugly set with individual flowers of good size that do not sunburn. The plant is erect with strong stems, the leaves large and of firm, leathery texture. 5 to 6 ft. at maturity. Aug.-Sept. Price: 2-yr. No. 1, 60c each; 2 for \$1.00; 5 for \$2.25.

BUDDLEIA, ILE DE FRANCE. Brilliant dark purple flowers; sweetly fragrant. 5 to 6 ft. at maturity. Aug.-Sept. Price: 2-yr. No. 1, 50c each; 2 for 90c; 5 for \$2.00.

BARBERRY, RED-LEAVED. Foliage rich bronzy red. Brilliant throughout the summer and fall. Scarlet berries remain on the plant the entire winter. Plant in full exposure to sun. 3 ft. at maturity. 1½ to 2 ft., 50c each; 5 for \$2.00; 10 for \$3.50, 2 to 3 ft., 60c each; 5 for \$2.50; 10 for \$4.50.

Price of all two-year hardy Shrubs (except as noted): 1½-2 ft., 40c each; 5 for \$1.90; 10 for \$3.50. 2-3 ft., 45c each; 5 for \$2.10; 10 for \$4.00.

BARBERRY, THUNBERGI. Dwarf habit, very graceful. Foliage turns beautiful red in fall. Red berries remain during winter. 5 to 7 ft. at maturity. (See Hedges.) 1½ to 2 ft., 10 for \$2.00; 25 for \$4.35; 100 for \$16.00. 2 to 3 ft., 10 for \$3.00; 25 for \$6.50; 100 for \$22.50.

CALLICARPA PURPUREA (Beautyberry). Clusters of pink flowers followed by light violet berries. 5 ft. at maturity. August.

CALLICARPA DICHOTOMA. New. Showy shrub with purplish stems and small pink flowers borne in August followed by red berry-like fruits in autumn. 5 ft. at maturity.

CORNUS FLAVIRAMEA (Yellowtwig Dogwood). Striking yellow-branched form of Stolonifera; very satisfactory for contrasting. 6 to 8 ft. at maturity. May-June.

CORNUS PANICULATA (Gray Dogwood). White flowers followed by clusters of white winter berries on branches of gray. 6 to 8 ft. at maturity. May-June.

CORNUS STOLONIFERA (Redtwig Dogwood). White flowers followed by white berries. In winter the branches are blood-red. 6 to 8 ft. at maturity. May-June.

CYDONIA JAPONICA (Japan Quince). Completely covered with scarlet flowers during May. 3 to 4 ft. at maturity.

DEUTZIA CORYMBOSA. New. This variety is distinguished by its late flowering period, sometimes extending into July and August. Has pure white, fragrant flowers. Gray-green leaves. 7 to 8 ft. at maturity. Price: 2 to 3 ft., 50c each; 2 for 90c; 5 for \$2.00.

DEUTZIA CRENATA. In May is fairly covered with very showy white flowers; edge slightly tinged with rose. 5 to 6 ft. at maturity.

DEUTZIA GRACILIS. Pure white flowers in June. 2 ft. at maturity. 1½ to 2 ft. only.

DEUTZIA LEMOINEL. Flowers large, pure white, produced freely. July. 3 ft. at maturity.

DEUTZIA, PRIDE OF ROCHESTER. Best known variety. Flowers large and free, double white. May. 6 to 8 ft. at maturity.

EUONYMUS ALATUS (Winged Burning Bush). Spreading in growth with peculiar corky bark, ornamental scarlet berries. Foliage turns crimson in autumn. 8 to 10 ft. at maturity. 2 to 3 ft., 60c each; 2 for \$1.00; 5 for \$2.25.

Tartarian Honeysuckle

Honeysuckle, Goldflame

Forsythia Fortunei

Japanese Quince

SEASON Flowering Shrubs

EUONYMUS EUROPAEUS (European Burning Bush). Orange-red fruit in autumn. Dark green foliage. 15 to 20 ft. at maturity. Price: 2 to 3 ft., 50c each; 2 for 90c; 5 for \$2.00.

FORSYTHIA FORTUNEI (Erect). Deep yellow flowers in great profusion during April. 6 to 8 ft. at maturity.

FORSYTHIA INTERMEDIA (Arching). Earliest blooming; long drooping canes of yellow flowers. April. 6 to 8 ft. at maturity.

FORSYTHIA SUSPENSUS (Weeping). Slender, limply drooping branches strung with bright rosettes of yellow bloom and shiny leaves. 6 to 8 ft. at maturity. April.

HONEYSUCKLE, GOLDFLAME. New. Immense, showy clusters of trumpet-shaped buds and fragrant blooms. Outside of petals is brilliant flame-pink while inside is creamy golden yellow. Can be trained as a vine. 15 to 20 ft. at maturity. June until frost. Price: 1½ to 2 ft., 60c each; 3 for \$1.65.

HONEYSUCKLE, MORROWI. Spreading variety; white flowers in early spring; later brilliant crimson fruits. 6 to 8 ft. at maturity.

HONEYSUCKLE, TATARICA GRANDIFLORA ROSEA. Bright pink flowers; covered in summer and autumn with orange berries. May. 8 to 10 ft. at maturity.

HONEYSUCKLE, TATARICA RUBRA. Light red flowers; covered in summer and autumn with scarlet berries. May. 8 to 10 ft. at maturity.

HYDRANGEA A. G. (Hills of Snow). Blooms very large, pure snow-white in July and August. 4 to 5 ft. at maturity. Price: 1½ to 2 ft., 45c each; 5 for \$2.10; 10 for \$4.00.

HYDRANGEA, BLUE. A distinctive colorful shrub. Leaves are broad and oval in shape, dark green, very shiny. Flowers are large, glorious blue, globe shape. Excellent along drives or around porch. Must be protected in the winter with straw or boggings of some sort. 5 ft. at maturity. June through August. 2-yr. No. 1, \$1.00 each; 2 for \$1.80.

HYDRANGEA PANICULATA (P. G.). Hardy, pure white changing to pink. August. 4 to 5 ft. at maturity. Price: 1½ to 2 ft., 45c each; 5 for \$2.10; 10 for \$4.00.

HYDRANGEA, PEEGEE TREE FORM. Like the preceding except in tree form. 8 to 10 ft. at maturity. Aug.-Sept. Price: 3 ft., \$1.48 each; 2 for \$2.75.

KERRIA JAPONICA. Double, globe-shaped yellow flowers nearly all summer. 4 to 5 ft. at maturity. Price: 1½ to 2 ft., 60c each; 2 for \$1.00; 5 for \$2.25.

KOLKWTZIA AMABILIS (Beauty Bush). Long, arching branches, small tubular flowers of the Honeysuckle type. 5 to 6 ft. at maturity. June. Price: 1½ to 2 ft., 60c each; 2 for \$1.00; 5 for \$2.25.

LILAC, PURPLE. Most common of Lilacs. Highly perfumed. 10 ft. at maturity. May. 1½ to 2 ft. only.

LILAC, WHITE. Flower panicles pure white, delightfully fragrant. 12 ft. at maturity. May. Price: 1½ to 2 ft., 50c each; 2 for 90c; 5 for \$2.00.

PHILADELPHUS AUREUS (Golden Syringa). Yellow foliage, white flowers. Very sweetly scented. 3 to 5 ft. at maturity. May. Price: 15 to 18 in., 60c each; 2 for \$1.00; 5 for \$2.25.

PHILADELPHUS LEMOINEI. Creamy white flowers in June. A distinct permeating fragrance. 4 to 5 ft. at maturity.

PHILADELPHUS, VIRGINAL. Moderately tall. Flowers large, handsome, sweetly scented. 6 to 8 ft. at maturity. July.

SYMPHORICARPOS CHENAUTI. Pink flowers in June followed by red and white berries. Foliage rich shade of green. Hardy. 3 to 4 ft. at maturity.

SYMPHORICARPOS RACEMOSUS (Snowberry). Small pink flowers followed by large, waxy white berries which remain during winter. June-July. 4 to 5 ft. at maturity.

SPIREA

ANTHONY WATERER. Broad flat heads of red flowers in profusion all summer. 3 ft. at maturity. June-July. 1½ to 2 ft. only.

BILLIARDI. During July every branch and twig is tipped with a spike of beautiful blood-red flowers, 4 to 6 inches in length. 5 to 7 ft. at maturity.

THUNBERGI. Dense feathery bush, 3 to 5 ft. high. White flowers in early spring. Foliage light yellowish green, turning red and orange in fall. 5 ft. at maturity.

VAN HOUTTEI. Complete fountain of pure white flowers in May and June. Most popular Spirea. 6 to 8 ft. at maturity. Price: 1½ to 2 ft., 30c each; 5 for \$1.35; 10 for \$2.50. 2 to 3 ft., 35c each; 5 for \$1.60; 10 for \$3.00.

TAMARIX AFRICANA. Pink flowers, graceful filmy foliage. Blooms early. 4 to 5 ft. at maturity. May.

TAMARIX HISPIDA. Long panicles of bright pink flowers. Light blue foliage. June-July. 8 ft. at maturity.

Smart Landscaping For Home Beautification

Free!

You may deduct cost of plan when ordering if in compliance with rate schedule below. Many of our customers like to extend their plantings over a period of years, and we are happy to have them do this. We cannot, however, deduct the full cost of the plan until at least 75 per cent of the stock on plan has been purchased. (See rate schedule below.)

Necessary Information For Our Landscape Architects

Dimensions of property; dimensions of buildings; distance of buildings from property lines (locate in respect to front, back and side lines); cost of house; style of architecture; locate all entrances; locate walks and drives, and give width; locate porch and basement windows; show number of steps; locate existing trees and shrubs of any description; indicate any terraces or sloping ground; give directions of the compass; indicate objectionable features to be screened; indicate views to be retained; send any available photographs. Do you want a vegetable or fruit garden? Do you want a hardy flower garden? Just a rough sketch will do, but be sure it contains all the information requested above.

Write or phone us. Consultation and personal supervision by our landscape architects can be arranged for large estates, parks, schools, cemeteries, subdivisions and public buildings anywhere.

Minimum Landscape Prices

Kindly send the information requested, and our Landscape Department will draw you a complete plan showing what varieties to use and where to plant them. For this plan we will make a charge according to the scale listed.

\$20.00 to \$50.00, charge \$2.50; \$50.00 to \$100.00, charge \$3.50. (Write for price on plans \$100.00 up.) (State the amount you wish to spend.)

Maloney's Landscape Service

An indispensable help in laying out new homes and new gardens, and rebuilding old ones.

POPPY, SNOWFLAME. New. The lower half of the flower is pure white, the upper half a flame-orange, creating a most unusual and brilliant effect. Strong grower and blooms freely. Not subject to ailments or insect pests. Flowers are large and grow on stiff stems. 2 ft. at maturity. **75c each; 3 for \$2.00.**

POTENTILLA NEPALENSIS. Dwarf variety. Bright carmine-red flowers.

***PRIMULA POLYANTHUS.** Beautiful flowers of mixed shades of yellow and brown in early spring. 4 to 6 in. at maturity.

PYRETHRUM. Mixed. Attractive, daisy-shaped flowers. Fernlike foliage. 2 ft. at maturity.

RUDBECKIA HIRTA (Giant Black-Eyed Susan). Orange-yellow flowers with dark cone.

RUDBECKIA PURPUREA. Attractive purple flowers with a very large brown cone-shaped center. Blooms from July to October. 3 ft. at maturity.

SALVIA AZUREA GRANDIFLORA. Interesting masses of clear blue flowers in August and September. 3 ft. at maturity.

SANTOLINA INCANA. Shrubby with silvery white aromatic foliage and small yellow flowers borne in roundish heads. Dwarf. 15 in. at maturity. **Price: 30c each; 3 for 75c.**

STATICE LATIFOLIA. Immense heads of purplish, blue minute flowers. July-August. 2 ft. at maturity.

STOKESIA, BLUE MOON. Vigorous growing, large and free-flowering. Perfectly hardy anywhere. Flowers throughout the summer and autumn until stopped by hard frosts. Stems are 12 to 18 inches long, bringing the large vividly blue disc-like flowers well up and above the plant. **Price: 55c each; 3 for \$1.50.**

***STOKESIA CYANEA.** Rich green leaves; flowers lovely azure-blue. Good for cutting. August, 12 to 18 in. at maturity. **Price: 30c each; 3 for 75c.**

***THYMUS SERPYLLUM.** Creeping habit, hairy foliage, purple flowers. 4 in. at maturity.

TRITOMA PFITZERI. Bright orange-scarlet flowers. 2 to 3 ft. at maturity.

***TUNICA SAXIFRAGA (Coatflower).** Tufted grasslike plant with light pink flowers. 6 in. at maturity.

VINCA MINOR. Trailing, evergreen plant used as a carpet under trees and shrubs. Does well in shade.

VIOLA CORNUTA, BLUE BEAUTY. Bright blue, early, free flowering. 8 in. at maturity.

YUCCA FILAMENTOSA. Broad swordlike, evergreen foliage and immense branching spikes of drooping, creamy white flowers, rising to a height of 6 ft. at maturity.

GYPHOPHILA PANICULATA (Babysbreath). Numerous tiny flowers in light feathery panicles. July-August. 2½ ft. at maturity.

HELIOPSIS, DOUBLE LEMOINE. Exceptionally large flowers of a desirable orange shade. Good for cutting. 2 to 3 ft. at maturity.

HEMEROCALLIS. Mixed. Pretty flowers produced freely on stout stems, 40 inches tall. Graceful arching foliage. Buds open well in water and are most fragrant. Perfectly hardy. July-August.

HOLLYHOCKS, DOUBLE. Colossal spikes of bloom producing showy effects. Yellow, pink, red and white. 6 ft. at maturity.

LATHYRUS LATIFOLIUS. Red. Large racemes of pleasing deep red flowers. 3 ft. at maturity.

LINUM PERENNE. Common blue flax bearing attractive flowers from May to August. 2 ft. at maturity.

LUPINE, GOLD CREST. Flowers yellow with deeper yellow wings. 2 ft. at maturity.

LUPINE, RUSSELL. New. Flower-spikes often 3 ft. or more in length, each spike a mass of color. All flowers open at one time. Orange, yellow, pink, white. **45c each; 3 for \$1.20.**

LUPINE. Mixed colors. Lovely pea-shaped flowers on long spikes. 2 ft. at maturity.

MONARDA DIDYMA (Beebalm). Crimson-scarlet flowers produced freely. 2 ft. at maturity.

***MYOSOTIS ALPESTRIS (Forget-me-not).** Masses of bright blue flowers. 6 in. at maturity.

PHYSOSTEGIA GRANDIFLORA. A very pretty plant with flowers especially adapted for cutting. Pink. August. 1½ ft. at maturity.

***PHYSOSTEGIA VIRGINICA.** Dwarf form. Blooms until November. Deep rose-pink. 15 in. at maturity.

PLATYCODON GRANDIFLORUM. Large, showy, deep blue flowers on 20-in. spikes.

***POLEMONIUM REPTANS.** Dwarf bushy plant having showy blue flowers. 6 in. high.

POPPY, ICELAND (The Giant). Silken cups of extreme size. 1 ft. at maturity.

POPPY, ORIENTA. Tremendous cup-shaped blooms of brightest crimson-scarlet, with large, purplish black blotches at base of petals. 3-3½ ft. at maturity. **Price: 35c each; 3 for 90c.**

PHLOX

40c each; 3 for \$1.00.

Annie Laurie. Rich deep salmon, large trusses. Very beautiful and growing to a height of 3 ft.

Beacon. Brilliant cherry-red. Grows 36 in. high. The flowers are carried on straight, strong stems.

Miss Lingard. Pearly white flowers with pink eye; glossy foliage. 3 ft. at maturity.

Fuerbrand. Brilliant orange-scarlet, sometimes almost vermilion. Flowers very freely, medium height.

Innocence. Pure white; large; tall.

Lillian. Lovely pure pink without any trace of magenta or rose. The florets are large, the flower heads of good size.

Rheinlander. Beautiful salmon-pink with claret-red eye. Individual trusses of immense size.

Royal Purple. Rich deep purple at edges shading to violet in center petals, deep reddish purple at eye.

Salmon Beauty. Deep pink with white eye. Has long spike with large individual florets.

Sunshine. Salmon-rose; fine deep shade.

Delphinium

Yucca

Gladiolus—the Cut Flower Supreme

25 for 90c; 50 for \$1.60; 100 for \$2.95.

Ave Maria. Medium blue with purple blotches, an old standard with several good sized blooms.

Bagdad. Old rose or smoky salmon-pink blending to terra-cotta throat.

Berty Snow. Lavender fading to a creamy white throat sometimes marked with deep rose.

Betty Ruthell. Coral-pink with pale yellow throat markings and a tinge of orange.

Crimson Glow. Large, crimson velvety blooms.

Dr. Moody. Deep lavender. Has darker shade in throat. Large flowers.

Duna. Flesh-pink or pale apricot.

Excellence. Early variety with scarlet flowers.

Golden Eagle. Yellow.

Idyl. Rose-pink with magenta throat.

June Rose. Bright rose, with darker markings.

La Paloma. Vivid orange. Early.

Madame Mounet Sully. White with red throat.

Mammoth White. Giant pure white. Florets larger than other whites.

Margaret Fulton. Waxlike rich pink. Strong grower.

Morocco. Very dark red, nearly black, with white striping.

Pelegrina. Pure dark violet-blue.

Picardy. Apricot-salmon with slight silvery mist.

Roi Soleil. Light yellow with a small red-peppered feather in throat.

Shawnee. Smoky purple. Very early.

Wasaga. Pure apricot, edges frilled.

FLOWERS of Special Merit

A FASHION PARADE FOR EVERY 1942 GARDEN

America's Best Climbers

2-Yr. No. 1 Bushes

49c each; 3 for \$1.35

AMERICAN BEAUTY. Hardy. Rosy carmine, large size blossoms. One of the best climbers.

DOROTHY PERKINS. Soft shell-pink, small, crinkly, in large clusters.

EXCELSA. Brilliant crimson-scarlet of great beauty.

GARDENIA. Pretty yellow flowers opening from buds which are a rich, creamy, yellow.

PAUL'S SCARLET. Large, vivid scarlet-red. Will not fade.

PRES. HERBERT HOOVER. Vigorous climbing sport; yellow tinted pink.

PRIMROSE. New hardy climber which blooms profusely with large, double, canary-yellow flowers.

SILVER MOON. Large, semi-double white with yellow stamens.

TALISMAN. Multi-colored blooms, same as the parent bush.

EUGENE JACQUET. Large clusters of bright cherry-red, double flowers.

Baby Roses
Make an excellent all-season hedging or border planting. Mrs. LeFevre writes us stating that these hardy Roses bloom profusely from June until killed by a heavy frost.

Everblooming Baby ROSES (Polyanthas)

2-Yr. No. 1 Bushes, Price: 65c each; 3 for \$1.80

Grow not more than 24 inches. Flowers borne in clusters of 20 or more. Bloom from May to November.

This is the popular name for the class of Roses that are correctly Dwarf Polyanthas. The flowers vary in size and range from semi-double to full double. Borne in trusses, the flowers are persistently produced right through the season. For bedding, planting along walks or used as low hedges, the dwarf Polyanthas are ideal. The usual height is 2 feet.

CHATILLON. Light salmon-pink, semi-double in enormous heads.

CAMEO. Shell-pink and salmon with a glow of gold; blooms continuously.

CRIMSON BABY. Vivid, deep crimson clustered Rose. Long seasoned and long-lived.

IDEAL. Dark scarlet in immense compact clusters; free-flowered.

MRS. R. M. FINCH. Medium sized blooms of rosy pink; blooms profusely.

RED ECHO. Brilliant red dwarf Tausendschon. Continuous bloomer. Most effective for mass planting.

Hybrid Perpetual ROSES

Extremely Hardy—Will Withstand the
Severest Climate

2-Yr. No. 1 Bushes

Price: 59c each; 3 for
\$1.65

FRAU KARL DRUSCHKI. Large snowy white blossoms. Buds long and beautiful. Long blooming.

M. A. BARBIER. Continuous bloomer; salmon-tinted yellow.

M. P. WILDER. Fragrant, double, good shape, bright scarlet-crimson.

MAGNA CHARTA. Early blooming; bright rose-pink.

ROSE BAMPTON ~

The New China-Red Rose

This startling new Rose, Rose Bampton, was presented to and named after the ever lovely Metropolitan and radio star, Miss Bampton. It is very double and slow in opening, with buds starting with carmine unfolding into a brilliant china-red. Bushes extremely strong and healthy, with foliage a rich dark green. **Price: \$1.50 each.**

9 Other Patented Rose Winners

(Hybrid Teas)

PEARL S. BUCK. Double flowers coming from glowing orange buds, softening to deep yellow tinged with apricot as they open, producing an effect of almost pure gold in the fall. Very fragrant, blooms freely and has dark green foliage and long stems, excellent for cutting. **Price: \$1.50 each.**

JEAN COTE. Deep brownish orange. Large bud with mammoth bloom, full to center. Color is solid orange, almost brown. Fruity fragrance. Large glossy foliage. **Price: \$1.25 each.**

COUNTESS VANDAL. Bud has shadings of coppery bronze suffused with soft gold, with new beauty at all times during its long life. **Price: \$1.00 each.**

MISS AMERICA. Flesh with salmon and gold profusion, faint gold at base. Fragrant and a persistent bloomer. Very hardy. Healthy foliage. **Price: \$1.00 each.**

GOLDEN MAIN. Blooms are pure yellow of medium size with many small petals, giving the effect of a Peony. A very ornamental plant. **Price: \$1.00 each.**

ROME GLORY. A most robust and vigorous plant, much more winter-hardy than most Hybrid Teas, with stems bearing large crimson-red buds. Flowers long-lasting on plant or when cut and are not affected by dry or wet weather. **Price: \$1.25 each.**

RONCARD. This is the clearest Rose of the bi-colors. Early and very prolific. Golden buds disclosing a superlative scarlet on the inside—an amazing combination that persists throughout the life of the blossoms. Very fragrant. **Price: \$1.25 each.**

WHITE BRIARCLIFF. An absolutely pure white Rose. Vigorous, bushy plants. Tremendous producer and ideal for cutting. **Price: \$1.00 each.**

A POPULAR PATENTED CLIMBER

BLAZE CLIMBER. The first hardy, everblooming scarlet climber. **Price: \$1.00 each.**

Lily Pons

The New Sub-Zero Brownell Roses

EASY TO GROW. Hybridized and grown in Little Compton, Rhode Island. Two-year-old, budded on Rosa Multiflora.

SUB-ZERO HYBRID TEAS AND CLIMBING ROSES

A new race from hardier species that can bloom all summer, with the best of fragrant flowers, more freely and constantly, of greater sturdiness and vigor, to live many times as long even after sub-zero winters.

HYBRID TEAS

BREAK O'DAY. Orange to apricot, large flowers, very vigorous, free bloomer, delightfully inspiring. **\$1.50 each.**

LILY PONS. White with pure yellow center, large flowers of indescribable delicacy, vigorous, free bloomer. **\$1.50 each.**

RED ROBIN. Red tending toward vermilion, very sturdy bush that literally glitters. **\$1.50 each.**

PINK PRINCESS. Bud red, flower deep pink, famous as the first Hybrid Tea free from defoliation by black spot. **\$1.50 each.**

ANNE VANDERBILT. Exquisite coppery orange, informal, semi-double, very brilliant, fragrant. **\$1.50 each.**

CLIMBERS

COPPER GLOW. Deep coppery orange, delightful spicy fragrance, latest color sensation. **\$1.50 each.**

CORAL CREEPER. All the shades of ocean coral complementing other delightful rose tints. **\$1.00 each.**

FREDERICK S. PECK. Deep grenadine pink with yellow center, semi-double, an aristocrat. **\$1.00 each.**

GOLDEN GLOW. This is the spectrum yellow, fragrant, abundant mass color display. **\$1.00 each.**

The New Floribunda Roses Always in Bloom

In addition to the extreme hardiness, they have unexcelled persistence of bloom, flower in huge clusters from June until frost. Floribundas are ideal for group planting, in beds, borders or grouped among the shrubs, perennials or evergreens.

Price: 78c each; 3 for \$2.25.

MME. M. LEVAVASSEUR. Red.

ELSE POULSEN. Lasting, semi-double pink flowers.

PINK GRUSS AN AACHEN. Deep salmon, free flowering.

Tree Roses

Growing on single trunks from 4 to 5 ft. high, these hardy strains of Tree Roses are ideal to lend height to your garden and especially recommended for informal and formal gardens to add color one tier higher than the regular hybrids.

Budded on 42-Inch Stems—We Can Supply Following Varieties
\$2.95 each

AUTUMN. Burnt-orange.

IMPERIAL POTENTATE. Pink.

MARGARET MCGREY. Red.

MRS. E. P. THOM. Yellow.

PRES. H. HOOVER. Pink and yellow variegated.

Gentlemen:

Salamanca, N. Y.

My order of nursery stock arrived May 2nd in good condition and is certainly good sturdy stock and I will recommend your stock whenever I have an opportunity to do so.

Yours very truly,

WILLIAM J. WAGNER.

Hybrid Teas. Every variety listed
on these two pages will be in
bloom this season.

Choice Field - Grown Hybrid Selections

All Will Bloom
This Year

MONEY SAVERS for the Home Garden

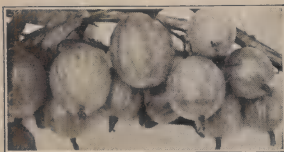

Gooseberries for Pies and Jam

2-Year No. 1 Strong Bushes: 40c each; 10 for \$3.50; 25 for \$7.50.

DOWNING. Fine quality, vigorous growth, and free from mildew. Large green.

JOSSELYN. Marvelously productive, large size, dark red.

POORMAN. Large, healthy, vigorous. Fruit red and very attractive. Excellent for heavy soils.

Asparagus Roots

Produce Straight Tender Shoots

2-Year Strong Plants

Price: 25 for 85c; 50 for \$1.25; 100 for \$2.00; 500 for \$6.00; 1000 for \$9.50.

MARY WASHINGTON. (Pedigreed.) An excellent rust-resistant variety. Stalks are large, dark green with a heavy purple overtone. Every garden should have an Asparagus bed, for it is the first vegetable in the spring.

Rhubarb *Extra Quality*

Known as the Pie Plant, this unique plant provides an abundance of stalks that are used as fruit. Given rich ground, a few plants after the first year will give a family an abundance. The stalks are pulled, not cut, but after July the plants should be allowed to grow to insure good crowns for the next year.

Price: 2-year roots, 3 for 60c; 10 for \$1.50; 50 for \$5.00.

GIANT VICTORIA. This new variety has giant size stalks, twice the size of ordinary Rhubarb; very tender. Fine flavor. A trifle later than Myatt's Linnæus.

Horseradish

Sharp—Snappy—Crisp

Price: 2-year strong roots, 10 for 80c; 25 for \$1.75; 50 for \$3.00.

Horseradish sauce is an ideal condiment for roast beef. Plant 2-year roots in rich soil and by fall you can dig full-sized roots as needed. An excellent entree for meats. Hardy roots. Plant in deep, rich soil.

STRAWBERRIES

Postpaid: 25 for 80c; 50 for \$1.20; 100 for \$1.90.

Price, not postpaid: 25 for 65c; 50 for 95c; 100 for \$1.50; 500 for \$4.75; 1000 for \$8.50.

THE BEST OF THE EVERBEARING AND SEASONAL STRAWBERRIES
Maloney's Strawberries yield bumper crops.

Roots well formed, extra heavy.

Crowns—Strong, sturdy.

Propagation—From heavy yielding strains absolutely free from disease.

CATSKILL. Produces large, strong plants with berries of very large size, equaling Premier in flavor. It's an excellent shipper, bright red in color and firm enough to arrive on the market in excellent condition. Considered almost frost-proof and is an abundant producer. A mid-season berry.

DORSETT. Released for introduction by the U. S. Department of Agriculture, spring of 1933. Color is bright red. Berries very large; flavor superior to other early berries. Can be classed among the best.

FAIRFAX. Released for introduction by the U. S. Department of Agriculture, spring of 1933. Fruit ripens uniformly along with Premier; long fruiting season. Quality unexcelled. Berries are very large, bright red color at picking time, turning dark red. Fairfax should be planted for both home and commercial use.

PREMIER. Perfectly flavored. It is smooth and large; its color is the commanding glossy red which sells on sight. Early.

SENATOR DUNLAP. One of the oldest mid-season varieties. Will grow on all soils under most unfavorable conditions and will do well in localities where late frosts make it impossible to grow other kinds. It is a heavy producer and fruit is of good size, bright red color, firm and glossy. Splendid shipper.

FALL OR EVERBEARING STRAWBERRIES

Postpaid: 25 for \$1.05; 50 for \$1.75; 100 for \$2.90.

Price, not postpaid: 25 for 90c; 50 for \$1.50; 100 for \$2.50; 500 for \$8.50; 1000 for \$14.00.

GEM. A sweet, deep red, glossy appearing berry of excellent marketing quality. Berries are above average in size, outstanding in firmness, vigorous plants with heavy root system, hardy and blight resistant.

MASTODON. The fruit is of very large size and has a good waxy appearance. Produces an abundance of fruit, continuing throughout the summer and fall.

Eldorado

Blackberries that come from your own little patch will taste just twice as good. This delight can be yours this year at a surprisingly low cost.

HARDY Berry Plants

TWO STANDARD BLACKBERRIES

Productive, Firm, and Profitable (Rooted Cuttings)

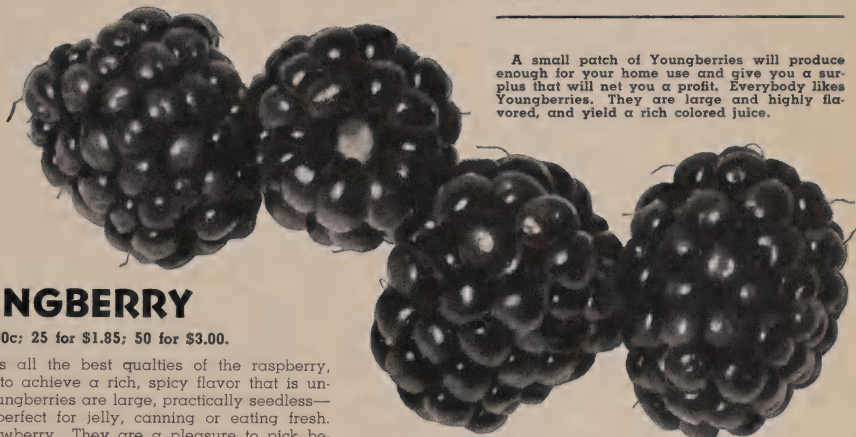

25 for \$1.50; 100 for \$4.35; 500 for \$14.20; 1000 for \$26.75

BLOWERS

Very large, finest flavor, jet black. Canes grow upright, perfectly hardy. One of the most productive, starting to ripen in July and continuing late. Brings the highest market price.

ELDORADO

Largest hardy Blackberry; free from rust. Berries large, jet black, borne in large clusters and ripen well together; very sweet, melting, no hard core and keeps for 8 to 10 days after picking with quality unimpaired. Season late.

Youngberries

A small patch of Youngberries will produce enough for your home use and give you a surplus that will net you a profit. Everybody likes Youngberries. They are large and highly flavored, and yield a rich colored juice.

Hardy YOUNGBERRY

Price: 10 for 90c; 25 for \$1.85; 50 for \$3.00.

A new berry! Combines all the best qualities of the raspberry, blackberry and dewberry, to achieve a rich, spicy flavor that is unsurpassed for tastiness. Youngberries are large, practically seedless—so full of juice they are perfect for jelly, canning or eating fresh. Grow on vines like the dewberry. They are a pleasure to pick because there are hardly any thorns. Fruit is nearly seedless and coreless. Tremendous bearer. Should be protected with straw in the winter.

Quarantine Notice!

We cannot accept orders for Currants and Gooseberries in these states:

Connecticut	New Hampshire	Rhode Island
Maine	New Jersey	Tennessee
Maryland	Wisconsin	Vermont
Massachusetts	North Carolina	Virginia
Michigan	Ohio	West Virginia
Minnesota	Pennsylvania	

Also, we cannot accept orders for Currants and Gooseberries in the following counties in New York State—Clinton, Essex, Franklin, Fulton, Hamilton, Herkimer, Lewis, Oneida, Saratoga, St. Lawrence, Warren and Washington; also Adirondack and Catskill Parks.

CURRANTS

2-Year No. 1 Strong Bushes
Price: 35c each; 10 for \$2.50;
100 for \$20.00.

FAY'S PROLIFIC. Uniform. Easily picked. Exceedingly productive.

LONDON MARKET. Bush upright, vigorous, fruit medium to large, color dark red with sprightly acid flavor; very productive.

WHITE GRAPE. Berries averaging large, of very attractive color, mild flavor and good quality.

WILDER. Upright, vigorous; clusters above medium length; berries large to very large; bright red with mild sub-acid flavor. Ripens early and remains bright and firm until very late.

RED LAKE. Originated recently at the Minnesota State Fruit Breeding Farm—finest of all Red Currants. The berry is unusually large in size and of superior quality. The clusters are long and filled out to the top, with stems sufficiently long to make picking easy. Berries are a clear light red and the quality excellent. The bush is vigorous, upright, and productive. Ripens early midseason, but holds on over a long period so it can be used or marketed as desired.

Red Lake Currant

LUCRETIA Dewberry The Creeping Blackberry

Price: 10 for 70c; 25 for \$1.25; 50 for \$2.10; 100 for \$3.50; 500 for \$12.50.

Equals any of the taller growing sorts. Perfectly hardy and remarkably productive with large, showy flowers. The fruit, which ripens early, is often 1½ inches long by 1 inch in diameter; soft, sweet and luscious.

Maloney's Heavy Bearing

PEACH Trees

Hale-Haven

PRICES OF PEACH TREES—All Varieties—(Except as noted)

	Each	10	100
Large, 1-yr., 4-5 ft.	\$0.40	\$3.50	\$25.00
Medium, 1-yr., 3-4 ft.35	3.00	20.00
Small, 1-yr., 2½-3 ft.30	2.50	15.00

HOWARD FISHER. New. U. S. Plant Patent No. 233. A high quality, yellow fleshed, freestone Peach; dark red blush covering nearly half of its surface. Fine-grain flesh and excellent flavor. Ripens 10 to 14 days earlier than Golden Jubilee. Hangs well on tree and promises to be a great commercial Peach. Asexual reproduction of this variety is strictly prohibited. Mid-August. Prices: 1-yr. extra large trees, 5-6 ft., 11/16 in. up—1 to 9 trees, \$1.00 each; 10 to 49 trees, 75c each; 50 to 299 trees, 45c each. 1-yr. large trees, 4-5 ft., 9-11/16 in.—1 to 9 trees, 75c each; 10 to 49 trees, 45c each; 50 to 299 trees, 30c each.

MARIGOLD. Introduced by the New Jersey Experiment Station. Ripens about 5 days after Mikado. Tree large and productive. Fruit resembles Mikado in size and appearance, but better in quality. Mid-August.

PIONEER. Originated by New Jersey State Experimental Station. Large, oval, white fleshed, almost freestone. Good quality; ripens several days before Carman. Trees vigorous and one of the hardiest. Late July.

ROCHESTER. Fruit large, yellow, with attractive red blush; juicy and delicious. An annual and prolific bearer. Mid-August. Free.

SOUTH HAVEN. Flesh yellow, juicy and deliciously sweet; exterior yellow with red cheek. September. Free.

VALIANT. Seedling of Elberta; very promising. Fruit large, roundish, oblate, yellow blushed with red; firm, juicy, very good quality. Season about September 1st.

Maloney Peach trees are all inspected for trueness to name by Dr. W. H. Upshall, of Vineland Experimental Station, Vineland, Ontario, Canada.

BELLE OF GEORGIA. Large, white with red cheek. July. Free.

CRAWFORD EARLY. Large, rich yellow with red cheek. Very productive. Early September. Free.

CRAWFORD LATE. Yellow, large, late September. Free.

CUMBERLAND. New variety. Tree is a vigorous grower and very hardy. Fruit larger than Belle of Georgia; attractively colored with red, oval in shape. Flesh white, almost free. July.

ELBERTA. Large, oval, yellow with red cheek; flesh yellow, firm, juicy, and of high quality. Leading Peach in all sections. Early September. Free.

FERTILE HALE (New). A self-fertile variety. Requires no cross-pollination. Hardier than Hale. Tops the market every year. U. S. Plant Patent No. 175. Price: 1 yr. large, 9/16 in. and up, Each, \$1.25; 10 for \$6.50; 100 for \$33.00. 1 yr. medium, 7/16 to 9/16 in., Each \$1.10; 10 for \$6.00; 100 for \$29.00.

GOLDEN JUBILEE. Large, early yellow Peach of Elberta type. Ripens three weeks earlier. Skin yellow blushed red; flesh yellow, juicy, sweet. Free. Late August.

HALE-HAVEN. Large, new yellow freestone developed in Michigan. Its high color even before complete ripening gives it great market value because of the advantage of premature picking, packing and shipping without loss. Hardy and productive. Ripens two weeks before Elberta.

HALE, J. H. Large, beautiful golden yellow with deep carmine blush. Heavy bearer when planted with it South Haven or Rochester for pollen. Late August. Free.

Golden Jubilee

Suburban PEACH Collection 1-yr. Large GOLDEN JUBILEE HALE-HAVEN ELBERTA 3 for \$1.00

Freshly Dug APPLE TREES

All Hardy Northern Grown and Wintered Out-of-Doors

Maloney Apple Trees are all inspected for trueness to name by Professors A. P. French, O. C. Roberts and L. Southwick of the Massachusetts State College, Amherst, Mass.

Prices of All Varieties of Standard Apple Trees (Inspected)

	Each	10	100
Large, 2-yr., 5-7 ft.	\$0.70	\$6.00	\$30.00
Medium, 2-yr., 4-5 ft.60	5.00	25.00
Small, 2-yr., 3-4 ft.50	4.00	20.00
Large, 1-yr., 3½-5 ft.60	5.00	25.00

Summer Varieties

ANOKA. Noteworthy for its beautiful red-striped fruit and early bearing; often bears year after planting. Excellent quality, ripening shortly after Yellow Transparent. Late August.

EARLY MCINTOSH. Same size, quality and flavor as McIntosh. Red. Tree vigorous, healthy. August.

LODI. Yellow fruit. Large, vigorous. Late August-September.

MELBA. New. Fruit bright crimson, good size; mildly and pleasantly flavored. Season a little ahead of Early McIntosh. Late July.

RED ASTRACHAN. Good size, deep crimson covered with thick bloom. Flesh juicy and tender, making it an excellent cooking Apple. Tree hardy, vigorous and bears young. July-August.

SWEET BOUGH. Fine for baking or eating out of hand. Large, pale yellow. August.

YELLOW TRANSPARENT. Skin pale yellow; flesh tender. August.

Autumn Varieties

POUND SWEET. Very large, round, yellowish russet; rich. October.

RED GRAVENSTEIN. Differs from the old Gravenstein only in the solid dark red color of the fruits. Late September.

RED SAUCE. Good cooking apple. Tender, crisp, juicy. A recent New York State introduction. October.

Winter Varieties

BALDWIN. Heavy bearer and grows rapidly. Skin is red and yellow, and the flesh yellowish, tart, and very juicy. November-April.

CORTLAND. Beautiful red. Excellent eating apple. Keeps late in winter. November-April.

DELICIOUS. Red. Large, almost covered with a beautiful, brilliant dark red. Quality unsurpassed and incomparable. Flesh juicy, melting, delicious. Splendid keeper and shipper. November to April.

DOUBLE RED DELICIOUS. This marvelous new variety has all of the splendid qualities of the common Delicious. Solid, lustrous red without stripes. November-April.

GOLDEN Russet. Clear golden russet. November to April.

JONATHAN. Red; highly flavored. Early bearer. November-January.

KENDALL. New. Dark red. Season about same as McIntosh; keeps a little longer. Fruit large and trim. Flavor more sprightly than that of McIntosh. October-February.

LOBO. Precedes its parent McIntosh in season. It is larger and darker red with more conspicuous dots. Flavor is sub-acid with some of the McIntosh aroma. Early October-January.

MCINTOSH RED. Flesh white, fine, very tender, juicy and refreshing. October-January.

ROGERS MCINTOSH. Solid red McIntosh, classed as one of the most valuable new fruit introductions in years. Fruit is the same size as the common McIntosh, but is not striped. Flesh white, fine grained, very tender, juicy and refreshing. Better quality than common McIntosh and hangs better on tree. October to February.

MILTON. New. McIntosh-like, ripening a month before McIntosh. Fruits pinkish red with heavy bloom. Flesh white, tender, crisp and juicy. September-January.

NORTHERN SPY. Hardy, large, red. Flesh juicy, crisp, tender. Tree healthy, strong grower. December-March.

RED SPY. Solid bright red without stripes or splashes. December-March.

RED ROME. Solid red without stripes. All of the qualities of Rome Beauty. December-March.

R. I. GREENING. Flesh yellow. Best cooking apple. Ripens in December. Keeps until May.

WEALTHY. Dark red; flesh white, juicy. October-January.

WINTER BANANA. Large, deep yellow striped with red; tender and delicious with distinctive banana perfume and flavor. November-January.

WINTER RAMBO. Medium size, red and yellow; mild flavor. December.

YELLOW DELICIOUS. Same quality as Delicious, except that the color is a clear, bright yellow. October-Spring.

Crab Apples

HYSLOP. Fruit large, very brilliantly colored dark red, overspread with thick blue bloom. Mid-September.

Grapes - Flavor plus Quality

Fredonia—
The Modern
Black Grape

2-Year No. 1 Strong Vines

PRICE (Except as Noted):

30c each; 10 for \$2.25; 50 for \$8.00; 100 for \$13.50.

AGAWAM. Red. Bunch large, berry large, reddish brown, tender, excellent flavor. Midseason.

CACO. Red. Of highest quality. Flavor is sweet and delightful. Vine vigorous and bears early. Midseason. 40c each; \$3.00 per 10; \$18.00 per 100.

CAMPBELL. Black. New. Sweet and juicy. Seeds few and small. Late August.

CATAWBA. Red. Bunches large and loose; berries large, of coppery red color. An excellent table and wine Grape. Late September.

CONCORD. Black. Best general Grape. Bunches large and compact; berries large, round, almost black, covered with bloom; pulp juicy and sweet. Vine hardy and productive. Midseason. Price: 2-yr., No. 1, 25c each; \$1.50 per 10; \$5.00 per 50; \$8.00 per 100.

CONCORD SEEDLESS. New. Same color and flavor as Concord, but HAS NO SEEDS. Wonderful for desserts and pies. Price: 1-yr., 90c each; 10 for \$7.50.

DELAWARE. Red. Bunches small, compact, and sometimes shouldered; berries small, with thin but firm skin; flesh juicy, very sweet and refreshing; of the best quality for table use and for wine. Midseason.

FREDONIA. Black. New. Early, good Grape, vigorous and productive; ripens two weeks earlier than Worden. Medium cluster; berries large, flesh juicy. Originated by New York State Experiment Station.

GOLDEN MUSCAT. Possesses a rich golden color and the fine Muscat aroma of European Muscat. It is one of the best for home and commercial use. Vine is vigorous, productive; the clusters are very large, tapering, single-shouldered, and compact; the berries are large, oval, juicy, tender, sweet; requires season about ten days longer than that of Concord. Price: 90c each; 10 for \$7.50.

IVES. Jet-black. Heavy bloom. Berries and compact bunches medium size; excellent wine quality. Midseason.

MOORE'S EARLY. Black. Large, sweet, and of good quality, ripening about 10 days earlier than Concord. Very desirable as an early Grape.

NIAGARA. White. Occupies same position among white varieties as Concord among black; bunch and berries large, greenish white, changing to pale yellow when fully ripe. Midseason.

ONTARIO. White. Single shouldered, vigorous and productive. Grapes hang on vine long after ripening. Early. Price: 40c each; \$3.00 per 10; \$10.00 per 50; \$18.00 per 100.

PORTLAND. Recently introduced. Claimed to be the earliest white Grape.

SENECA. White. New. One of the best varieties for dessert. Flavor sweet and aromatic. Plant vigorous, productive. Hardy. Price: 90c each; 10 for \$7.50.

WORDEN. Black. Seedling of the Concord; resembles it in appearance and flavor but the berries are larger, ripening several days earlier.

Hardy Plum Trees

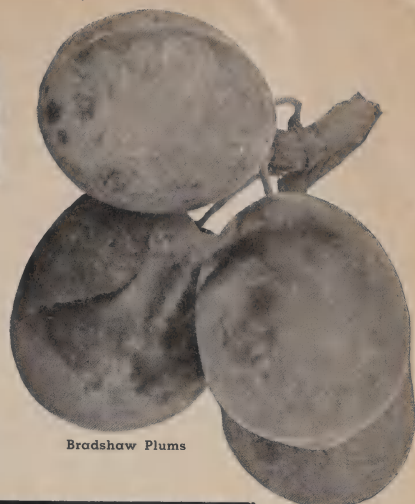

Heavy-Bearing Fine-Flavored Varieties

Plum varieties do not fertilize themselves and therefore it is important to plant at least two trees of different varieties to insure fruiting.

Maloney Plum and Prune Trees are all inspected for Trueness to Name by Professors A. P. French, O. C. Roberts, and L. Southwick, of the Massachusetts State College, Amherst, Mass.

Prices of All Plum and Prune Trees:

	Each	10	100
Large, 2-yr., 5-7 ft.	\$0.80	\$7.00	\$50.00
Medium, 2-yr., 4-5 ft.70	6.00	40.00
Small, 2-yr., 3-4 ft.60	5.00	35.00
Large, 1-yr., 3-4 ft.70	6.00	40.00

Bradshaw Plums

American and European Varieties

ALBION. Grand Duke type, but larger and better in quality. Tree productive, strong, vigorous. Late September.

BRADSHAW. Large, dark violet-red; tree bears regularly and heavily. August.

FELLENBERG PRUNE. Large, purple, juicy. September.

GERMAN PRUNE. Medium dark blue; rich flavor. September.

HALL. New. Cross between Golden Drop and Grand Duke, but better in flesh and flavor. One of the best. Late September.

IMPERIAL GAGE. Large, greenish. Middle of August.

LOMBARD. Medium, violet-red; heavy yielder. August.

MONARCH. Very large, roundish oval; dark purple. Freestone. Excellent, abundant bearer. October.

SHROPSHIRE DAMSON. Fruit oval; medium size; dark purple. October.

STANLEY PRUNE. New. Large, dark blue becoming bluish black. Flesh greenish yellow, juicy, fine grained, sweet. Late August.

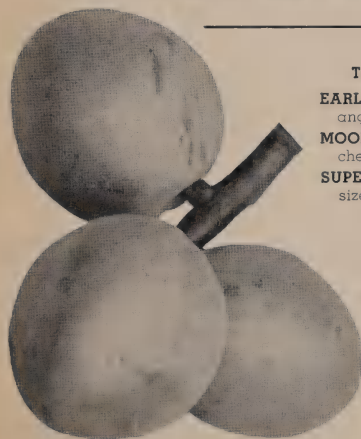

YELLOW EGG. Large, golden yellow. September.

JAPANESE VARIETIES

(All bear young and heavily)

BURBANK. Large, cherry-red; valuable market variety. August.

RED JUNE. The great early market Plum. Medium to large; deep vermilion-red; tree from rot. Ripens in early August.

NUT TREES

BUTTERNUT. Produces large, handsome, elongated nuts with rich, sweet, oily kernels. Tree grows rapidly and yields large crops in a few years.

4 to 6 ft. \$1.49 each
FILBERT, AMERICAN. Common Hazelnut. Produces abundant crops of roundish nuts of fine flavor; hardy and productive. Prefers rather moist soil.

3 to 4 ft. \$1.18 each
WALNUT, BLACK. Bears heavy crops of large, round nuts of excellent quality. Tree rapid grower, attaining large size and majestic form. Valuable for timber.

4 to 6 ft. \$1.98 each
WALNUT, ENGLISH. A fine, lofty tree, producing large crops of thin-shelled, delicious nuts. Will grow successfully in northern states.

2 to 3 ft. \$1.58 each

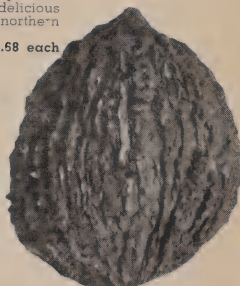

Butternut

Filbert

English Walnut

Black Walnut

APRICOTS

They Grow Like Peaches

EARLY GOLDEN. Small, pale orange; juicy and sweet.

MOORPARK. Large, orange-red cheek; firm, juicy. August.

SUPERB. Good flavor, medium size; light salmon.

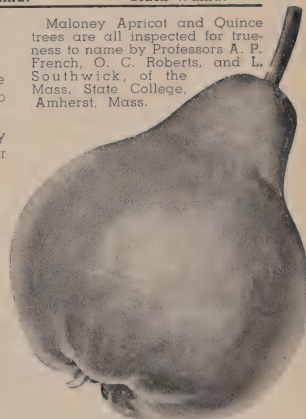

QUINCES

Nothing Makes Better "Jell"

ORANGE. Large, yellow, fine quality; tree rarely fails to produce a crop. October.

REA'S MAMMOTH. Fruit very large; ripens a little later than Orange.

Maloney Apricot and Quince trees are all inspected for trueness to name by Professors A. P. French, O. C. Roberts, and L. Southwick, of the Mass. State College, Amherst, Mass.

DWARF FRUIT TREES

Landscape Your Home with Dwarf Apples or Pears, and Have Fruit for Your Own Table

Many landscape gardeners are now using dwarf fruit trees for beautifying home grounds. You, too, can improve your own home by using **Maloney's Guaranteed Dwarf Fruit Trees**.

These trees are ideally suited for planting in a small space; many of them can be planted along the side of the house. They bear much earlier than standard fruit trees.

NEW DWARF APPLE TREES

Bear the Second Year Planted

There is a story of creation or evolution in Apples, nature gradually produces new and better varieties of its own, such as Baldwin and McIntosh. Literally two centuries of experimentation, acclimating and "bottle nursing" are behind the Apples that have made Western New York world famous. For the new extra dwarf bearing Apple trees that yield fruit the second year, much credit goes to the New York State Experiment Station. The supply is very limited and in order to secure these trees, may we suggest that you send your order in very early. We will be glad to tag these and hold them for shipment at the proper time.

DWARF APPLE TREE PRICES

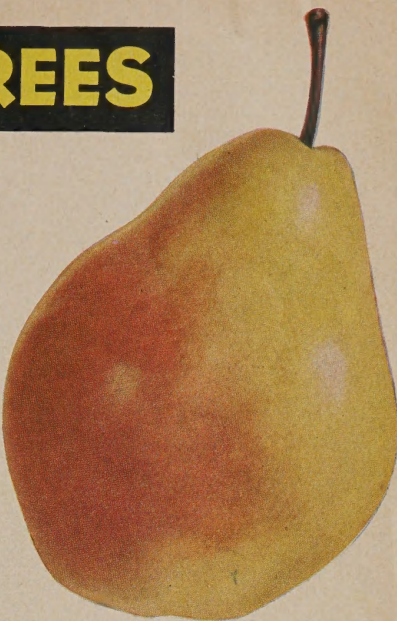

Each	5	10	Each	5	10
2-yr., large, 4-5 ft. . . .	\$1.75	\$7.50	\$12.50	2-yr., medium, 3-4 ft. . . .	\$1.25 \$5.75 \$10.00

MALLING IX—Full Dwarf. Bears fruit usually first year set. Height at maturity, 5 ft. Very popular for lawn and orchard.

MALLING I—Semi-Dwarf. Sturdier tree than No. IX. Bears second year after planting. 8 to 10 feet at maturity.

MALLING XIII—Semi-Standard. Slightly smaller than a tree growing free, probably reaching the height of a full-sized Montmorency cherry tree.

VARIETIES:
Cortland, Early McIntosh, Lodi, Melba, Milton, Pound Sweet, Red Gravenstein, Red Rome, R. I. Greening, Rogers McIntosh, Red Spv, Sweet Bough, Yellow Delicious, Double Red Delicious.

Clapps Favorite Pear

DWARF PEAR TREES

The advantage of dwarf fruit trees over standard fruit trees can be summarized as follows: The home gardener can enjoy a greater assortment of varieties as more trees can be grown in a given area. Trees come into bearing very early; picking the fruit and the general care of the small trees is much more easily accomplished.

DWARF PEAR TREE PRICES

Each	10
2-yr., large, 4-5 ft.	\$0.75 \$6.00
2-yr., medium, 3-4 ft.70 5.00

VARIETIES: Bartlett, Clapps Favorite, Duchess, Kieffer, and Seckel.

Gentlemen: Brooklyn, N. Y.
Some time ago I purchased some trees from you. They were excellent and are doing well. Will you please send me your catalog as I wish to get a few more trees for a friend?
Yours very truly,
MRS. MARGARET M. COWANS.

The lovely little Miss standing along side the dwarf apple tree, and the tree, are both two years of age.

Over **forty** standard size apples were picked from this tree the second year after planting.

Hardy, Vigorous RASPBERRY BUSHES

**PROFITABLE
VARIETIES**
for
**Home Gardens
and
Commercial
Growers**

All strictly
No. 1 Grade

RASPBERRIES

PRICES OF ALL VARIETIES (Except as Noted)

25 for \$1.50; 100 for \$3.75; 500 for \$15.00;
1000 for \$27.00

BRISTOL. One of the best Black Raspberries. Berries are large, firm, fairly glossy, attractive, and of excellent quality. Its season is a week earlier than Naples; the bushes are hardy, vigorous, and bear very heavy crops.

CHIEF. Berries are dark red, good size, extra firm and hold up a long time after picking. Yields 15 to 20 per cent more than other Raspberries. Withstands dry, hot weather.

COLUMBIAN. Purple. Very large, somewhat conical, rich, juicy; seed small, bears large crops. Valuable for table and canning; fruits from middle of July to August.

CUMBERLAND. Black. Berries large, firm, glossy and unsurpassed in quality; perfectly hardy and productive.

INDIAN SUMMER. Red Everbearing. Berries large, roundish, conic, slightly irregular, medium red, rather soft, crumble slightly, and are good in quality. Plants are vigorous, above medium height, and bear heavy crops. Originated by New York State Experiment Station. 25 for \$1.75; 100 for \$4.75; 500 for \$17.00; 1000 for \$33.00.

LATHAM. Berries are mammoth, dark red, of uniform size and present a beautiful sight on the bushes and in boxes. Fruit clings to stems several days after fully ripe. Extremely hardy and mosaic free. Midseason.

MARCY. New. The berries are very large, long conic, firm, thick-fleshed, medium red, mild in flavor, and of good quality. The plants are tall, vigorous, healthy and hardy, needing no support; bearing great quantities of fruit out in the open to be easily picked. 25 for \$1.75; 100 for \$4.75; 500 for \$17.00; 1000 for \$33.00.

NAPLES. New black. New York State Experiment Station considers it the most promising Raspberry ever fruited on their grounds. Plants vigorous, productive; fruit large, glossy, attractive, firm, good quality. Midseason.

NEWBURGH. New variety from New York State Experiment Station. Claimed to be most promising. Fruit very large, firm, does not crumble. Color attractive bright red. Plants vigorous and hardy. Mosaic free. Midseason.

PLUM FARMER. Black. The most profitable early market variety, maturing the entire crop in a very short period. Berries are very large, thick-meated, firm and attractive.

SODUS. Purple. Originated by New York State Experiment Station. Berries very large, firm, medium purple in color; sprightly and good in flavor. Plants are very vigorous, very productive and hardy. Sodus is much more resistant to drought than Columbian. Ripens shortly after Latham. 25 for \$1.75; 100 for \$4.75; 500 for \$17.00; 1000 for \$33.00.

ST. REGIS. Red Everbearing. One of the best; will produce berries the first year in the fall, a full crop the following spring, and again in the fall. The berries are bright crimson, very large. Every garden should have at least a few bushes, for you can supply the table with delicious fruit summer and fall.

TAYLOR. Very promising. Plants usually vigorous, hardy, productive, tall growing, and increase rapidly. Berries ripen shortly before Latham, are large, conic, bright attractive red, thick fleshed, firm, sub-acid. Originated by New York State Experiment Station.

Newburgh Red Raspberry

Home Garden Berry Collection

~ 50 for \$2²⁵

Giant Blueberries

Not the old-fashioned variety Dad used to grow, but real luscious cultivated berries growing in large clusters, plump, tender, and practically seedless with the delightful tang of the wild fruit.

Can be grown in the yard, lawn or garden; hardy, will thrive almost anywhere. Require a moderate supply of moisture and good drainage.

Price: \$1.00 each; 10 for \$6.75

CABOT. The earliest variety to ripen. Berries have a delicious sub-acid flavor. Plants seldom exceed three feet in height, making a broad low bush.

CONCORD. High bush, berries large, well-flavored, and attractive in appearance.

JERSEY. Tall, well-shaped, attractive, excellent producer, good quality, berry slightly tart.

RUBEL. An upright, vigorous grower. Ripens about two weeks later than Cabot. A dependable year-after-year producer.

The New Boysenberry

Price: No. 1, 3/16 in. and up, 10 for \$1.20; 25 for \$2.20; 100 for \$6.50.

Cross of blackberry, raspberry and loganberry. Almost seedless, firm, and a good shipping berry. Fruit large and handsome, sweet and delicious flavor, produced in large clusters on long stems. Cannot be equalled as a berry for commercial purposes. In extremely cold sections, canes should be put down on the ground in the winter and mulched with dirt.

THORNLESS BOYSENBERRY. Same big, juicy, delicious fruit as the regular Boysenberry. The vines are **absolutely thornless**, making the cultivation of same and picking easy. They can be trained to a trellis or wire. **25c each; 10 for \$2.00; 25 for \$3.75.**

Rubel

Boysenberry

Fruiting Age [APPLES CHERRIES PEARS PLUMS] Trees

NEW LOW PRICES — \$1.25 each; 10 for \$10.00

We call them "super-trees", because each specimen tells the story of successful propagation in our nursery. Extra fibrous roots, a sturdy, tall and upright trunk with well-balanced branches. They are strong and scientifically developed trees that will readily transplant and bear fruit quickly.

With a good growing season here in the Dansville area and a supply of extra fine specimen trees, we are again maintaining the same low prices as last year for these fine large trees. Our supply is limited — make your reservation early and we will hold them for shipment at proper planting time.

FRUITING AGE TREES

APPLE (7 to 8 feet)—Cortland (red), Kendall (red), Macoun (red), Milton (red), Red Spy (red), R. I. Greening (yellow), and Rogers McIntosh (red).

PEAR (7 to 8 feet)—Seckel, Clapp's Favorite, and Flemish.

CHERRY (6 to 7 feet)—Early Richmond (Sour-dark red).

PLUM (7 to 8 feet)—Wickson (Maroon-red), Lombard (Reddish).

Planting Instructions

Prune off bruised ends of roots, if any; make a smooth cut. Dig hole deep enough so that the tree will be buried one inch above where it was budded on root, or one inch above the collar. Soak roots in water one-half hour, place tree in hole, fill in one-fourth, tread well; another one-fourth, tread well; the third one-fourth, tread well; then finish filling and tread firmly so that when tree is set, it would require a strong man to pull it out.

Maloney's "Favored Fruit" Leaders for 1942 Planters

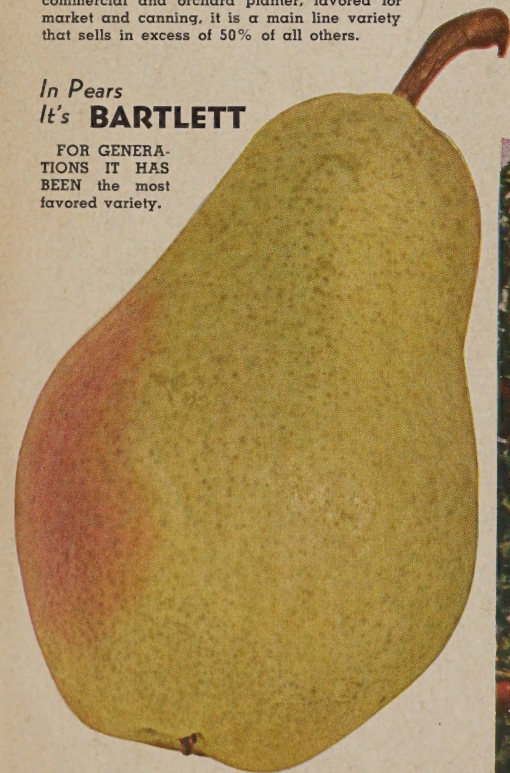

ELBERTA *The Leading Commercial Peach*

This is the "profit bearing" peach for the commercial and orchard planter, favored for market and canning, it is a main line variety that sells in excess of 50% of all others.

In Pears **It's BARTLETT**

FOR GENERATIONS IT HAS BEEN the most favored variety.

SELLING QUALITY FRUIT TREES AND PLANTS for home beautification is just a habit we have acquired through our training for three generations in the nursery business. The best is none too good for our customers and you will plant wisely when you buy direct from Maloney's Nurseries.

Everybody Praises the Fine Flavor of the **SWEET WINDSOR CHERRY** *It is a Variety We Recommend*

America's Favorite Apples

DOUBLE RED DELICIOUS

We are loud in our praise of the unusually fine specimens we have to offer. Plant Delicious and profit is yours for years to come.
